GENERAL SECRETARY'S MESSAGE

Dear Leaders of Tomorrow!

Today, You are all here - from all corners of the world as well as TRNC. I assure you that, You made the right choice, this is your dream destination!

You are all Welcome!

In higher education, where universal knowledge is produced, Cyprus Health and Social Sciences University offers the best example of internationalization with more than 1000 students from 20 different countries, providing students the opportunity to develop their skills in a multi-cultural environment.

Students of Cyprus Health and Social Sciences University prepare for the future by learning about and comparing various cultures, languages and scientific conventions in all parts of their university life, such as in classes or seminars.

We provide the best education for its students and prepares them for their international careers by closely following the global changes. As we set out on our journey to test the limits of science by adding new members to our academic staff and by widening our technological and research infrastructure, we strive and guarantee to offer education under the best possible conditions.

If you bring your energy and talent, we will provide the academic expertise, professional guidance, recreational facilities, and resources to help you on your way to achieving your ambitions in life. Our guiding principles are based on innovative education, supported by renowned academic staff and facilities.

For those interested in nature and quieter life, we are surrounded by beautiful countryside, mountains and the Mediterranean shoreline that is important to our region. The campus is in a safe and secure region, and we are proud of our education provision which delivers high-quality teaching and student satisfaction.

CHSSU proud to have the most modern and equipped campus not only in Mediterranean but wider in the region. We provide our staff and students with the latest educational and working standards as a ground for grasping new horizons and reaching greater achievements.

We hope to see you soon and grow to be an inseparable member of the Cyprus Health and Social Sciences University's family.

Dr. Serdal GÜNDÜZ
General Secretary

ABOUT CHSSU

The Cyprus Health and Social Sciences University (CHSSU) CHSSU was established in 2016 as a private university and completed the construction work of its campus in the mid of the same year and affiliated accredited by YOK (Higher Education Council of Turkey) and YODAK (Higher Education Council of TRNC) for various courses, in Health and Social Science Programmes.

As being one of the newest and most popular universities in Northern Cyprus, with capacity more than 10000 students, offering over 20-degree programs in Undergraduate and Graduate degree programs comprise of 7

faculties and 2 Vocational Schools and 25-100% Scholarship opportunities for international students.

Having a strong and stable, non-stop relationship with our “umbrella” Nisantasi University in Istanbul-Turkey, which has accumulated many years of experience. Constituting its corporate culture to the synthesis of academic knowledge in this university is proof of Turkey and Northern Cyprus to play a more active role in the international education objectives of this Group.

We have highly qualified faculties with State-of-art classrooms, digital libraries, up-to – date computer labs and fully equipped workshops and laboratories. Our teaching methodology is focused more on practical knowledge with advanced technology. Our students learn the practical application through classroom teaching, case analysis, projects and hands-on experience, through industrial expert’s interaction. They are nurtured and groomed not only to excel in the corporate world but also to achieve overall success in their life.

SCHOLARSHIPS AND SUPPORT

A large portion of our international students is on 25% and 50% of scholarships. During the application to the academic programs the students indicate that they wish to be considered, the decisions are made based on the academic performance of the candidate and academic program applied. The CHSSU admission decision will indicate if the student will receive a partial tuition waiver. There is a wide range of scholarships at the undergraduate level and Graduate level. These are very competitive. The Master & Ph.D. scholarship applications are made during the graduate application. The scholarship applications are considered by an International office authorities committee 10 days before the beginning of the semester for scholarships of Graduate programs 20 days before the beginning of the semester/s. The student needs to have admission to the program that they have applied to in order to be considered,

For further information, Please visit <https://international.kstu.edu.tr/scholarships>

Admission Scholarships

CHSSU's Admission Scholarships are unlimited in number and automatically awarded upon registration at Cyprus Health and Social Sciences University. To be considered for an admission scholarship you must apply directly

from secondary school to CHSSU's Main Campus for full-time, first-year studies. No application is required for consideration. International students are eligible to be considered for CHSSU's Admission Scholarships. CHSSU also offers faculty-specific entrance scholarships and awards with varying values and criteria.

A large portion of our international students is on 25% and 50% scholarships. During the online application to the academic programs the students indicate that they wish to be considered, the decisions are made based on the academic performance of the candidate and academic program applied. The CHSSU admission decision will indicate if the student will receive a partial tuition waiver.

High Honor Award

Students studying at undergraduate degree programs who have taken the normal course load and who have been awarded a 'High Honor' degree in their respective programs following the attainment of a minimum grade point average (GPA) of 3.50 and a CGPA of 3.00 and above are considered as a candidate for "High Honor Award" in line with the principles below and on the condition that they register for the following semester:

On the condition that the aforesaid GPA and CGPA average requirements are met within each faculty or school, the first ten top-ranking students are granted the “High Honor Award”.

Student Assistantship

Student assistantship positions exist in various faculties and administrative departments in the university. They are open to all students. A student must have a GPA above 3.0. Vacancies for these positions are usually announced at the beginning of each semester. The monthly stipend is based on hourly rates.

TRNC Government Scholarship

Successful students are also entitled to apply for scholarships for the Turkish Republic of Northern Cyprus (TRNC) scholarships through TRNC consular missions abroad (<http://mfa.gov.ct.tr/consular-info/missions-abroad/>) or Republic of Turkey consular missions abroad.

MISSION, VISION & VALUES

CHSSU'S mission, vision, and values statements are the fundamental building blocks for our success as a leading national academic health center committed to advancing health together. These statements concisely convey the purpose, direction, drivers, and character of our institution.

Each of the major component entities within Cyprus Health and Social Sciences University, also maintain their own local values statements that are reflective of their individual work cultures and missions. However, as you'll see below, while the values statements throughout the organization are stated slightly differently in some cases, they are all consistent with the overarching Health values.

The Turkish Republic of Northern Cyprus is an Island in the Mediterranean Sea, often referred to as the Jewel in the Med and one of the safest places on earth due to its low crime rate. The Mediterranean climate brings thousands of holiday-makers every year. Deceiving as such, many wonders are hidden on this small island space; where history meets cosmopolitan life, and natural beauty meets the city hustle and bustle.
